Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This is in response to the Notification of Defective Response of Nonprovisional Application dated September 17, 2007, issued in response to Applicants' request to transfer the computer readable form (CRF) from another application on file at the U.S. Patent and Trademark Office as permitted by 37 C.F.R. §1.821(e), filed May 16, 2007. The Notification indicated that the CRF present at the U.S. Patent and Trademark Office was not saved in ASCII text.

To remedy this defect, Applicants submit herewith an initial computer readable form (CRF) of the Sequence Listing. Applicants submit that the content of the Sequence Listing information recorded in computer readable form is identical to the written Sequence Listing submitted on May 16, 2007. Moreover, it is submitted that the Sequence Listing does not contain new matter. Enclosed for the Examiner's convenience is a duplicate copy of the written Sequence Listing.
